Education

Assam down town University **2021 – 2025**
Bachelor of Technology in Computer Science and Engineering (7.5 CGPA) *Guwahati, Assam, India*

North Lakhimpur College **2018 – 2020**
Assam Higher Secondary Education Council, Science (70 %) *North Lakhimpur, Assam*

Sankardev Shisu Niketan School **2018**
High School Living Certificate (83 %) *North Lakhimpur, Assam*

Experience

Web Development Summer Internship at Prodigy Infotech (Remote) **1 July 2024 – 31 July 2024**
Website Developer Intern - Mumbai, Maharashtra Link

- Developed responsive web interfaces including a landing page and personal portfolio website using HTML, CSS & JavaScript.
- Built a functional stopwatch web app featuring start, stop & reset controls, improving DOM manipulation & JavaScript proficiency.

Full Stack Web Development Internship at Webstack Academy (Remote) **2 July 2024 – 16 Sept 2024**
Software Developer Intern (MERN) - Bengaluru, Karnataka Link

- Developed and maintained a full-stack food ordering web applications using the MERN.
- Built features for integrated for order tracking and user authentication to enhance user engagement and data security.

Technical Skills

Languages: JavaScript, Java, HTML5, CSS3, SQL
Frontend : React.js, Bootstrap, Responsive Design, RESTful APIs Integration
Backend : Node.js, Express.js, REST APIs, Authentication & Authorization
Databases: MongoDB, NoSQL Database Design, CRUD Operations
Tools & Technologies: VS Code, GitHub, Git, npm, Postman, Agile/Scrum, Canva, MS Word, Excel
Others: System Design, Problem Solving

Projects

E-Commerce Web Application | *MERN Stack, REST APIs, JWT Authentication* Link **Aug 2024**

- Architected and developed a full-featured e-commerce platform with user authentication, product catalog, shopping cart, and order management.
- Implemented secure JWT-based authentication and role-based access control for users and administrators.
- Integrated payment gateway and designed efficient database schemas for handling complex product and order relationships.
- Optimized application performance using React.js hooks, lazy loading, and code splitting techniques.

HireHub – A Role Based Job Portal | *Express.js, Cloudinary, MongoDB, React.js* Link **Dec 2024**

- Developed a full-stack job portal with role-based access control for Employers and Job Seekers using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Implemented core features including job posting, application tracking, profile management, and personalized dashboards for both user roles.
- Integrated JWT authentication and developed scalable RESTful APIs to ensure secure and reliable data handling.
- Used Cloudinary for resume and media uploads and maintained version control by pushing the project to GitHub.

Licenses & Certifications

Software Engineer Intern Link **27 Mar 2025**
HackerRank Skill Certificate | Problem Solving, SQL

Mathematics for Machine Learning - PCA Link **10 Nov 2024**
Coursera | Machine Learning, Jupyter, Numpy, Python
